MESSAGE FROM
THE DIRECTOR

“You need someone to say, “Think again. You don't quite have it yet.” You also need someone to tell you, “Yes, that's it. That's it exactly”

Dear Students

Success nothing less is the philosophy we are kindled with, which rejuvenates us to script new success stories every year we are well-known for. It is a way of life and a guiding principle for us that strengthen our own belief to mount new heights. This is a well-tested formula that has brought magical results for us over the years. This reflected in our work culture everyday - from the way we mentor our students to the success history we have been scripting for the last two and a half decades.

There is a theory, which suggests that at young age the brain is, in essence, transformed from an insatiable information-gathering machine into a sleek, cogitation machine of enormous power. Your ideas become complex, your reasoning grows elegant and powerful, and your imagination soars to new heights. This is why the institute you choose to train yourself is so important. You need to know what hard thinking feels like. You need challenges. You need someone to say, “Think again. You don't quite have it yet.” You also need someone to tell you, “Yes, that's it. That's it exactly.”

We emphasize on individual efforts, which in fact, paves the way that leads to success. Here we insist on the basics, but what we mean by basics is distinctive. Our curriculum is built on updated and ever changing world of competitive examinations. Our curriculum provides students a charge to appear in competitive exams, with confidence. In the end, what we want from most of you is that you should grow. We not only teach you to ask good questions but also to identify interesting problems to solve. We help you learn how to analyze and imagine solutions to subject problems. And when you are finished with that, we help you to objectively evaluate your results, and mirror it for you to see yourself, how far you need to go and how much more hard-work you need to do.
DBMCI is a specially evolved cohesive force of leading educationists, having vast experience in teaching thousands of aspirants of PG Entrance examinations since 1996. DBMCI is the first centre in the entire India to start classes for PG Entrance Exam (PGEE).

The experience, expertise and in depth understanding of examination trends in the past so many years have been thoroughly blended with the demands of today's students to create DBMCI, a first of its kind modern methodology based institution for preparing serious and dedicated aspirants to take up the challenges of medical exams.

DBMCI, the pioneer in this field, have expanded its wings to every corner in India. The ideology of DBMCI is to provide the students with all possible inputs to make them realize their true potential and further enhance it to touch the highest levels of excellence.

The key factor of our organization lies in the full time dedication of our faculty in different streams, thoroughly upgraded know-how and techniques evolved by them in making even the most difficult concepts crystal clear. Answering the most difficult of problems in the most understandable form has been the constant effort of our full time faculty.

The vision of our organization lies in providing quality education in the easiest possible way, which can motivate the spirits of even an average student in developing the conviction that 'I CAN ALSO DO IT AND I WILL DO IT' Recognizing the facts, that the needs of aspirants are diverse, although they share a common goal of qualifying the PG entrance exams, we have planned a number of courses to meet their needs. The courses, as described, can be taken exclusively or in a suitable combination so as to best supplement your efforts in achieving the ultimate objective.
DBMCI, the pioneer of medical PG training has expanded its wings to every corner in India. The ideology of DBMCI is to provide the students with all possible inputs to make them realize their true potential and further enhance it to touch the highest levels of excellence.

DBMCI has a decorated panel of expert faculty with more than 23 years of experience for providing coaching for different PG subjects in medical studies. The experience, expertise and in-depth understanding of past trends in exams enable DBMCI faculty to help students succeed in competitive medical entrance examination. The faculty members believe in enriching a student with conceptual knowledge and answering queries in a way that is clearly understood by the students.
DBMCI is one of the most prestigious and established institutes in the medical coaching landscape of India. Owing to its significant contribution in making PG medical coaching accessible to students on a pan-India scale, the institute has received several awards and honours from time to time. Some of the prestigious awards received by DBMCI include.

**RENUOWNED INSTITUTE HONOURED WITH PRESTIGIOUS AWARDS & ACCOLADES**

HIGHLIGHTS

- A session to be held live at Delhi and all over India via Satellite.
- All subjects will be covered by our premium faculties.
- High quality colored booklets provided to the students.
- Predict most expected topics of NEET PG.
- The images will be provided with explanation on the app.
- Free image based test will be conducted, in with the same exam atmosphere.

Analyse your NEET PG Preparation with GCLT-

- Test what you have learned, in a Real Exam like Environment in a computer lab, with the same software used in the NEET PG exam.
- Challenge your examination Anxiety & compete with 30,000 students.
Champion live test series will be conducted only in computer labs to give a complete exam atmosphere to the students.

Best way to remove the anxiety and the exam fear a student generally faces while giving the exam on a computer.

Test will be conducted on weekdays in the evening. A fixed slot will be provided to the students.

11 Regular Computer Live Test + One Grand CLT
6 NEET Pattern + 1 PGI Pattern + 2 AIIMS Pattern + 1 JIPMER Pattern + 1 DNB Pattern + 1 Image Based Test

Test will be conducted across the Nation.

All India ranking will be given which will coincide with the actual NEET ranking.
GRAND - CLT (COMPUTER LIVE TEST)

- It will give the real feel of the exam by replicating the exact "NEETPG EXAM LIKE ENVIRONMENT" by arranging in the computer labs & using the similar software.
- Exam is based on the actual subject - mark distribution, & will give a clearer idea about the importance of subject accordingly.
- Marking will be based on the actual NEET Pattern, so that a student can analyse his/her weak & strong areas & know where he stands in the competition.

GCLT is the best bet to challenge your examination Anxiety & helps you in giving your best shot in NEET PG exam.

Why DBMCI Grand Computer Live Test (CLT)?

NEET PG EXAM ENVIRONMENT REPLICATED

BASED ON NEET PATTERN

It replicates the exam environment & gives vital experience & knowledge that will help you in performing with confidence in the Real NEET PG Exam.

STRICT NEGATIVE MARKING & MARK DISTRIBUTION - BASED ON NEET PG PATTERN,

The exam will be based on revised NBE pattern with Strict negative marking & subject/mark distribution in order to give you the exact analysis of your performance.

PERFORMANCE INDICATOR

Analyse your performance section wise, along with it Compare it with the other aspirants as well; helping you in understanding your weak areas and then to strengthen them.

INCREASE YOUR CHANCE

Students who give DBMCI-GCLT tend to top various in various PG Medical Entrance Exams. The result of our GCLT series precisely echoed AIPG, AIIMS and PGI results.

Perfect example of Dr. Umang Arora Rank-1 AllIMS Nov 2018 was Grand CLT (2018)

ALL INDIA RANKING

You have an exact idea where you stand in All India Ranking by competing against 30000 pg aspirants.
WHY TO CHOOSE DBMCI SATELLITE?

Superior Technology being offered by DBMCI SATELLITE

1. **HD audio and HD video quality** as studio transmission are at high bandwidth rates of approx 1024kbps.

I am Ashraf Kesarani presently intern in BARODA MEDICAL COLLEGE... got ALL INDIA RANK-1 in NEET PG 2019...Got 1006/1200 marks...I am Extremely Thankful to the whole DBMCI Family who definitely have a contribution to the success that I have got...I am a regular student of DBMCI BARODA and I joined DBMCI During my Internship...t's like dream come true and DBMCI helped me in that...Would Ike to > Specifically THANK Dr Rajat Bhatia sir,Dr Saurabh Bhatia sir,Dr Jai Arora Sir,Dr Sanjay Saxena sir,Dr Ashwani Kumar sir and all other Faculties for helping me out...All faculties are very good.The Notes that are made during the class are just great -concise yet containing enough information...VIBE session which was for 5 days was also great helping in image based questions...The Grand CLT which was conducted by you at all India level was also very helpful as it gave me idea about where I stand Again...Thanks a lot to whole DBMCI Team...You are the Best!!5:10PM e !Type a message

Hello!
Sir I wanted to thank you for motivating us since second year to do well, and teaching us formally finally as an intern in TND batch. All three TND classes of pathology had our attention throughout and the topics made very easy to remember with the flow charts we made. I'm really grateful to you sir for giving me a way to really revise path in the weeks preceding the exam which is otherwise a huge subject!
I was able to come first in the AIIMS nov 2018 exam

A big thanks to DBMCI for helping me with my preparation for AIIMS! This result would not have been possible without the brilliant faculty at the T & D and VIBE courses that I attended here. The discussions were very conceptual and helpful. So was the VIBE discussion and the booklet provided. Thank you!
Hi! frnds...
I’m Nikhil Vojjala ….I secured AIR 1 in Mch neurosurgery and AIR 4 in DM neuromedicine in recently conducted NIMHANS exam..I would like to thank the entire DBMCI team without which this may not be achievable...especially the recently released NIMHANS handbook from the institute is highly useful .. becoz of its concised form saved a lot of time.. i would recommend the same to all my frnds before going to nimhans exam... special thanks to Ashwani Kumar sir...Rajat Jain sir..Mukesh Bhatia sir.., Jainendra arora sir.., Tamim saif sir.. for their highly informative well framed classes... once again Thanq all of u Team DBMCI..

Thanks to all the faculties of Dr Bhatia coaching institute..I was in the foundation batch and the notes were really helpful for preparation during internship as I didn't get much time...Ashwin sir's anatomy classes and Bafna sir's cardio classes were superb.. thanks to whole team of Bhatia

Hi everyone. I would like to thank DBMCI for supporting me during the crucial phase of my preparation. I was a test and discussion student, and had also joined CLTS. The tests closely mimic recent exam pattern with a lot of updates, making it one of the most updated source of new information. The CLTS does a great job of simulating the actual environment in which the exam will be conducted, giving ample practice of staring (I hope activel ) at the computer screen for 3 long hours (while you are not playing video games, but with your caree ).
I would especially like to thank Rajat Jain sir, for pushing me to appear for the PGI examination, the plan for which was made impromptu. My sincere and heartfelt thanks for your words of faith and more than conspicuous vote of confidence: it really boosted my morale-and I guess that is the most crucial "extra edge" a student needs.
So here I am, with AIIMS AIR 5 AND PGI AIR 2, and it (almost) is a dream come true.
DBMCI OFFICIAL APP

EXPERIENCE THE WHOLE WORLD OF PG MEDICAL STUDIES IN YOUR SMARTPHONE

1. Free Daily Medical Quiz for All PG Aspirants.
2. All latest E-books in your Pocket
3. Conduct all the Online Test in our app only and get sharp analysis
4. Video Discussions of both Grand Test & Subjectwise Test Series available on app
